

backend . internal . scubic

namespace

service environment domain

The diagram illustrates the components of the domain name 'backend.internal.scubic'. The name is written in a large, black, monospaced font. Below it, three curly braces are positioned: one under 'backend', one under 'internal', and one under 'scubic'. These braces are labeled 'service', 'environment', and 'domain' respectively. Above the 'internal' and 'scubic' parts, a single large curly brace spans both, labeled 'namespace'.
