

backend . internal . scubic

namespace

service environment domain

The diagram illustrates the components of the domain name 'backend.internal.scubic'. It features three horizontal curly braces below the text. The first brace is under 'backend' and labeled 'service'. The second brace is under 'internal' and labeled 'environment'. The third brace is under 'scubic' and labeled 'domain'. A fourth, larger curly brace is positioned above the text, spanning from the start of 'internal' to the end of 'scubic', and is labeled 'namespace'.
